

Grant Strategy Sessions

Behind every successful grant is a good strategy

As donations decrease, nonprofits are working harder to produce more grants to support their operations. In support of local nonprofits, The Olin Group is offering free strategy sessions to support these fundraising efforts.

Our trained team members can help you*:

- ✓ Identify a strong strategy for your proposal
- ✓ Match the right program to the right funder
- ✓ Refine your budget
- ✓ Craft measurable objectives

*There is no fee for this service. Strategy sessions will take approximately 15-20 minutes and do not include editorial support. Sessions provided onsite by Olin Group development staff.

The Olin Group offers nonprofit business development services for nonprofit and foundation clients throughout California.

For more information, visit our website at www.theolingroup.com or contact us by phone at 714.647.0900.
