## **Teen Library Club Application**

**Helping make the Library a more  
interesting & useful place for  
Teens!**

## Mission / Purpose:

The Teen Library Club serves as teen advisors and advocates for the Santa Ana Public Library. In addition, the group exists to help make the Library a more useful place for teens by collecting and creating informational resources of interest, and providing opportunities for teens to express themselves within an educational and self-enriching environment.

## You can make a difference:

Any interested teens **12-18** years of age who live or attend school in Santa Ana can join the Teen Library Club (TLC). Under the guidance of the Young Adult Librarian, TLC members meet twice a month to discuss and plan for special Library programs for youth. In addition, they also give input and suggestions on popular teen topics and materials for the library's teen collection.

**This is your chance  
To let your voice be heard,  
To help the Library help you,  
& to have fun...**
