In this year’s Annual Report, we are highlighting many, though certainly not all, of the Agency’s accomplishments and activities to advance our vision ensuring housing opportunities, economic development opportunities, artistic endeavors and saving local jobs.

The past year proved to be another eventful year for our Agency. Most notably, CDA continued to expand WORK Center programming, Spurring Economic Development, expanding housing opportunities and providing homeless related services to the community.

Some of our highlights include:

- Awarded $872,543 of CDBG Funding for 18 public service programs that provided an array of services, such as tutoring, community beautification, anti-bullying workshops, criminal record expungement, domestic violence legal services, and homeless services.
- Established the Santa Ana Interim Emergency Homeless Shelter, The Link. This 200 bed shelter facility, on average houses 174 individuals including 23 children. Over 51 people have moved into permanent housing since its inception and has been called a “National Best Practice”

I hope you enjoy reading this Annual Report and that it gives you further insight into the work that we do and the progress we have made as an organization in partnership with others. Our Agency staff members are our greatest resource, and I’m proud to say we have a team committed to working together for the success of our Agency.

The performance of our Agency once again demonstrates our belief that it’s possible to do well while doing good.

HOMELESS SERVICES DIVISION

The Homeless Services Division of CDA is focused on addressing all aspects of homelessness for the entire City of Santa Ana and collaborating with the County of Orange to ensure regional equitability and responsibility is attained to the complex issue of homelessness.

The Homeless Division spearheads the Quality of Life Team (QOLT), a multidisciplinary team comprised of staff from the offices of SAPD, Public Works, Parks and Recreation, Code enforcement, City Attorney and County Health Care Agency Outreach workers.

QOLT was formed in FY2017-18 to address quality of life issues, concerns related to municipal code violations, improper use of public and private property, property storage and connection to shelter and resources for individuals experiencing homelessness. With its success, QOLT has expanded in FY 2018-2019, with quicker response times, and greater clean-up projects such as Santiago Creek Clean up and the Railroad Implementation Plan.

In FY2018-2019, Homeless Division also pioneered the City’s first Data Dashboard, portraying transparent data on the successes of the Link, QOLT, and Housing opportunities for the homeless. The County of Orange and several cities followed the example of Santa Ana and created similar dashboards.
