ADDENDUM ONE

SUBJECT: RFP NO. 18-045: GEOTECHNICAL ENGINEERING SERVICES

The following changes/clarifications have been made to the specifications of the subject project:

III. SUBMITTAL REQUIREMENTS **Page 5, 6; B. PROPOSAL CONTENTS**

Items:

2. SCOPE OF SERVICES AND SCHEDULE

A detailed scope of services and schedule are not required as part of the technical proposal submittal. A general scope of services detailing all of the potential work required as part of this on-call agreement will suffice. However, these conditions will be applied to each individual task order assigned to the successful consultants after entering into agreement.

3. FEE PROPOSAL

A fee proposal shall be submitted concurrently with the technical proposal, but in a separate sealed envelope, clearly labeled as "Fee Proposal." This shall include a list of positions and the hourly rates for the positions listed (minimum) required for this proposal. All others shall be listed on a separate table and listed with the title and hourly rates.

The fee proposal will not be opened until the proposals have been evaluated by the proposal selection committee. The City will select the consultant based on qualifications, and then negotiate a contract price based on available funding.
