

Name: Jose Solorio  
Occupation: City Council Member/Father  
Age: 50

As your Council Member and former State Assemblyman, and as a parent and homeowner in Santa Ana, I plan to represent everyone. Together we can do better for our City.

Improving Public Safety:

We've been making progress by hiring more police officers, reducing 911 response times and requiring officers to wear body cameras. However, let's work harder to address the homelessness crisis and property crimes by getting drug addicts and mentally ill transients off our streets and into treatment programs.

Expanding Programs for Families:

First, we must ensure our families can rebuild from the COVID-19 crisis. I also believe in investing in young people. As Mayor, I'll expand paid internships and WiFi programs, and continue Summer Night Lights programs.

And I'll support our seniors by working to develop check-in programs and a food and services directory.

Focusing on ALL Neighborhoods:

South and North of 17th Street, I'll continue to prioritize park safety, and street and parking improvement projects. I also support expanding programs and hours at our community centers and libraries.

I would be honored to be your Mayor. I have the resume, experience and resolve to get the job done and respectfully ask for your vote.
