

NAME: Cynthia Contreras

OCCUPATION: Orange County Probation Coordinator

Age: 49

I'm Cynthia Contreras and I am running for Santa Ana City Council to represent Ward 1. I work for Orange County Probation and I am the first in my immigrant family to graduate from college. I am married, a parent of four children, a homeowner and a resident for over 25 years. I believe in public safety, quality of life, small business, responsible development and creating opportunities for our youth. I bring proven experience.

I believe we need to Increase Community Policing while providing mental health trainings to officers and coordinate efforts with Social Services.

Quality of life means responsible planning of Willowick, open recreation centers, libraries, filled potholes and ending street racing.

Create opportunities during these uncertain COVID times and help small business keep their doors open by being flexible and creative and help working families re-enter the workforce by providing childcare.

As vice chair on the Planning Commission I voted for affordable housing, brought jobs for our residents and improvements to parks.

Include the voices of our youth (18-25 years) and create spaces for them to participate in solutions about their futures.

Vote for Cynthia Contreras, vote for experience and a voice for all!
