

CITY OF SANTA ANA, CITY COUNCILMEMBER, FULL TERM - WARD 1

NAME: THAI VIET PHAN

Occupation: Planning Commissioner/Attorney

As a Santa Ana homeowner, 20-year resident, and refugee, I know firsthand that we need real change at City Hall—not more broken promises.

As a Planning Commissioner and city attorney, I have the expertise to make the tough calls that will improve our city and keep us safe.

As your Councilmember, I will continue to listen to community voices and fight each day to ensure that all residents are represented on the dais.

We will address housing affordability by promoting new developments that keep the American Dream within reach, while protecting property values and helping renters stay in their homes.

We will help small businesses not only survive the Coronavirus pandemic, but also thrive in Santa Ana by developing policies that make it easier for residents to navigate the permitting process, receive financial and translation assistance, and open businesses in the city.

We will also implement public safety reforms to build trust between our officers and residents, including efforts toward responsible community policing and a reduction in 911 response times.

By serving our diverse community—not special interests—I will be a strong voice for the City of Santa Ana.

I hope to earn your vote on November 3, 2020.
