

CITY OF SANTA ANA, CITY COUNCILMEMBER – WARD 3

NAME: JEFFREY KATZ

Age: 58

Occupation: Santa Ana Business Owner

We need a more transparent City Hall that prioritizes us, the citizens. And we need to bring jobs back to Santa Ana now.

I am an experienced business advocate helping create new innovative companies that hire locally in Santa Ana.

My plan for Santa Ana includes:

Fight for our economic recovery from COVID-19. Make sure Santa Ana gets every federal, state and county dollar we can.

Make Santa Ana safe from crime and gang violence. Re-think how police and the community can come together. We need an appropriately funded police department that prioritizes getting criminals off the streets and making everyone else feel safe.

End homelessness in Santa Ana. Our streets should be less attractive to homeless; addiction and mental health treatment facilities more attractive.

City Hall should work for us and listen to us. Residents should be welcomed and our elected officials should take our side, every time.

I am passionate about Santa Ana and love the resilient spirit of our residents and local businesses. Let's work together to bring back our local economy better than before. Let's celebrate Santa Ana's history and diversity and make our City a shining example of progress and economic success for everyone.
