

Name: Vic Mendez

Occupation: Businessman

At this time, the City is going through a series of challenges that requires important skills and professional experience to create the solutions necessary for the City's long-term success. The call for these opportunities is why I am running to be of service to Ward 5 and the City,

For over 35 years, I have been a part of implementing solutions in both government and the private sector. These solutions have solved real problems across diverse areas such as finance, housing, code enforcement, and rail transportation.

My life experience and professional background will enable me to start working on Day 1.

I understand the desire of this community for a responsible City government that works for you.

When I am elected, I will be a Council Member who is proactive and independent and who will focus on the best and most responsible solution for the community.

If you are looking for a Council Member who will listen and always act on your concerns, please vote for Vic Mendez.
