EXHIBIT A ............................................................................................................................100
ARTICLE I

1.0 RECOGNITION

1.1 Pursuant to the provisions of the Meyers-Millias-Brown Act, Government Code §3500, et seq., the City of Santa Ana (hereinafter called the “City”) has recognized the Service Employees International Union, Local 721 (hereinafter called the “Union” or “SEIU”) as the recognized representative of the bargaining unit which includes all full-time personnel employed by the City in classifications listed in Exhibit A of this Memorandum of Understanding (MOU).

1.2 During the term of this MOU, no substantive issue of representation shall be raised contrary to this MOU, except as provided in the City’s Employer-Employee Relations Resolution (EERR) No. 81-75.
ARTICLE II

2.0 NON-DISCRIMINATION CLAUSE

2.1 The City and the Union agree they shall not discriminate against any employee because of political affiliation, union activities, union membership, race, color, sex, age, national origin or alienage, sexual orientation, political or religious opinions or affiliations, religious creed, ancestry, physical disability, medical condition, genetic information, marital status, natural hair and hair styles associated with race, gender, gender identity, gender expression, military or veteran status, and other protected classifications as defined by the California Fair Employment and Housing Act (FEHA).

2.2 The City and the Union shall reopen any provision(s) of this MOU for the purpose of complying with any order of a Federal or State agency or court of competent jurisdiction, if a modification or change in any provision(s) of this MOU is required to remain in compliance with State or Federal anti-discrimination laws.
ARTICLE III

3.0 ATTENDANCE, WORKDAY & WORKWEEK

3.1 Attendance

Employees covered by this MOU shall be in attendance at their work during hours prescribed by the Department Head or his/her designee(s) and shall not absent themselves without approval of the Department Head or his/her designee(s).

3.2 Hours of Work

Eight (8) hours of work shall constitute a normal day and forty (40) hours of work shall constitute a minimum workweek, except for employees who have been approved for alternate work schedules as provided in this article by the City Manager.

3.3 Alternate Work Schedules

A. 4/10 Work Schedule

The Department Head, with the approval of the City Manager, may assign Code Enforcement Officers, Police Department employees, and selected Fleet Services employees to a workweek consisting of four (4) ten (10) hour days, with an additional one-half (0.5) or one (1) hour for an unpaid meal break. The assigned employee shall work four (4) ten (10) hour days and shall have three (3) consecutive days off in a workweek. Upon mutual agreement between the supervisor and employee, the employee may waive his/her right to three (3) consecutive days off in a workweek. The regular workweek shall consist of forty (40) hours. A regular day off shall consist of ten (10) hours.

B. 3/11.5, 1/5.5 Alternate Work Schedule - Correctional Records Employees

The Department Head, with the approval of the City Manager, may assign these employees to a workweek consisting of three (3) eleven and one-half (11.5) hour days and one (1) five and one-half (5.5) hour day, with an additional forty-five (45) minutes for an unpaid meal break. The assigned employee shall have three and one-half (3.5) consecutive days off in a workweek. Upon mutual agreement between the supervisor and employee, the employee may waive his/her right to three and one-half (3.5) consecutive days off in a workweek. The regular workweek shall consist of forty (40) hours. A regular day off shall consist of either eleven and one-half (11.5) hours or five and one-half (5.5) hours.

C. 9/80 Work Schedule

Employees shall be permitted to work a 9/80 work schedule when authorized by the Department Head and approved by the City Manager. A departmental work unit
will not be permitted to work this schedule if in the discretion of the Department Head and City Manager, the 9/80 work schedule may reduce service to the public.

1. **Work Schedule**

   The 9/80 work schedule shall be defined as working eighty (80) hours over nine (9) days in a two (2) week period. An employee shall work eight (8) days for nine (9) hours per day and one (1) day for eight (8) hours, excluding a one (1) hour unpaid meal break during each work shift, totaling forty (40) working hours in each FLSA work week.

2. **Work Week**

   The FLSA work week shall be defined as the work week starting exactly four (4) hours after the start time of the employee’s regularly scheduled shift on their alternating regular day off and ending exactly one hundred and sixty-eight (168) hours later.

   No employee working the 9/80 work schedule will be able to flex their alternating regular day off start time nor the time they take their meal break, which will occur after an employee has worked at least four (4) hours on his/her alternating regular day off.

   Modifications of the FLSA work week are not permitted unless authorized by the Executive Director of Human Resources or his/her designee.

3. **Schedule Changes**

   Employees cannot change schedules without prior approval of their supervisor and Department Head. The purpose of this authorization is to review the impact on staffing and overtime. Employees may change schedules at the beginning of any work week with supervisor and Department Head approval.

4. **Emergencies**

   All employees on the 9/80 work schedule are subject to be called to work any time to meet any and all emergencies or unusual conditions that, in the opinion of the City Manager, Department Head or designee, may require such service from any of said employees.

5. **Leave Benefits**

   When an employee is off on a scheduled workday under the 9/80 work schedule, then nine (9) hours of eligible leave per workday shall be charged against the employee’s leave balance or eight (8) hours shall be charged if the day off is his/her alternating regular eight (8) hour work day. All leaves shall
continue under the current accrual, eligibility, request and approval requirements.

a. **Holidays**

   i. For a recognized City holiday the hours (as stated in Article VIII) are earned for each holiday, except for the floating holiday.

   ii. If a holiday falls on an employee’s alternating regularly scheduled day off, the employee must then take their holiday off before or after the regular holiday as their holiday off with supervisor and Department Head approval. If the employee cannot take their holiday off before or after the regular scheduled holiday off, the employee will bank the hours of holiday leave to be used at a later date with the supervisor’s approval.

D. It is the intent of the parties that no additional paid time off shall be gained or lost as a result of the implementation of an alternate work schedule.

The City reserves the right to abandon alternate work schedules if, in the opinion of the concerned Department Head and the City Manager, the alternate work schedule has not produced the desired results. If this right is exercised, the City and SEIU shall meet and confer in good faith prior to abandoning any of these alternate work schedules.

3.4 **Personal Hardship**

Any employee who encounters a personal hardship with his/her work hours may request an accommodation from his/her Department Head. A hardship request will be limited to an employee’s authorized hours of work. An accommodation will be considered only after the employee has exhausted all other personal options to resolve the hardship.

If the employee is unable to resolve his/her problem, the employee may request an accommodation from their Department Head by submitting a hardship claim. The Department Head may authorize an accommodation after reviewing said claim or assign a manager to investigate and recommend a resolution of the hardship claim. The recommendation of the manager will be limited to the following:

1. Approve an appropriate flex schedule that does not disrupt the department’s ability to deliver its services or create disruption in the work unit.

2. Deny the employee’s proposed solution to resolve the hardship.

3. Reassign the employee to a 5/40 work schedule.

The Department Head may accept any one of the manager’s recommendations or advance
his/her own to resolve the hardship.

3.5 Water Production Meal Breaks

The Water Production staff who are assigned to work an eight (8) hour day shift covering Monday through Friday will be required to take a thirty (30) minute unpaid meal break during the shift.
ARTICLE IV
4.0 SALARIES

4.1 Basic Compensation Plan

There is an established basic compensation plan for all full-time personnel who are now employed or will in the future be employed in any of the designated classifications of employment represented by the Union as listed in this MOU and/or its exhibits.

4.2 Salary Schedule

A. The basic salary and wage schedule, as periodically updated and published by the City, provides various salary rate ranges, each comprised of seven (7) steps or rates of pay.

The respective rate ranges are identified by a three (3) digit number.

The steps within each range are identified by the letters “AAA”, “AA”, and “A” through “E” inclusive, with Step “AAA” being the lowest step in the range.

Step “AAA” is the normal beginning pay rate.

Step “AA” is an automatic increase after the completion of six (6) months of service in Step “AAA”.

Steps “A” through “D” are an automatic step increase after the completion of twelve (12) months of service.

Step “E” is a performance based step increase which an employee may be eligible to receive after the completion of twelve (12) months of service in Step “D”.

The assignment of classifications to salary rate ranges is listed in the City’s basic salary and wage schedule.

B. During the term of this MOU, it is the City’s intent to eliminate the salary matrix and create a salary schedule. The parties acknowledge and agree that elimination of the salary matrix and implementation of the salary schedule is a meet and confer issue. Once the City is ready to move forward with elimination of the salary matrix and creation of the salary schedule, it will provide its proposal to the Union and the parties agree to promptly meet and confer on the issue. No changes will be made until the negotiations process has been completed. The parties acknowledge that such a change will require modification to language in several provisions of this MOU.
4.3 **Salaries**

The base salary rate of each employee and classification shall be increased as follows:

A. Effective in the pay period including July 1, 2019 - A base salary increase of seven (7) salary rate ranges, which is approximately three and one-half percent (3.5%). This salary increase shall be provided to those employees who are currently employed as of the date the MOU is approved by the City Council.

B. Effective in the pay period including July 1, 2020 - A base salary increase of seven (7) salary rate ranges, which is approximately three and one-half percent (3.5%).

C. Effective in the pay period including July 1, 2021 - A base salary increase of seven (7) salary rate ranges, which is approximately three and one-half percent (3.5%).

4.4 **Application of Basic Compensation Plan**

The salary rate ranges contained in Section 4.2 of this article and the City’s salary schedule are monthly salary rate ranges. All employees working in classifications of employment covered by this MOU shall be compensated at a monthly rate, except that an employee hired for temporary work in a position which has an anticipated duration of less than six (6) months shall be paid at a rate per hour for actual time spent in the performance of the duties of his/her employment.

The regular rate of pay shall be computed as provided for by the FLSA.

Any hourly rate of pay, defined as the regular hourly rate of pay, shall be computed by dividing the monthly salary rate by one hundred and seventy-three point thirty-three (173.33). In determining the hourly rate as herein provided, computation shall be made to the nearest whole cent and a computation resulting in an even one-half ($0.005) cent shall fix the rate at the next higher whole cent.

4.5 **Probation**

The probationary period shall be one (1) year from the date of appointment from an open eligible list (new hire) or a reappointment eligible list (rehire) or a promotional eligible list.

4.6 **Beginning Rates**

A new employee shall be paid the rate shown as Step “AAA” in the salary rate range allocated to the classification of employment for which he/she has been hired.

In special instances where such new employee possesses unique and exceptional educational training and/or experience qualifications, the Department Head, under whom the employee will serve, may submit a written request and justification to the City Manager for authorization to place such new employee on Step “AA,” “A,” “B,” “C,” or “D” within
the allocated salary rate range for the classification in which he/she is being hired. If approved, such new employee shall be assigned to a salary step upon the commencement of his/her service in the classification of employment to which the salary rate range applies and such assignment having once been made shall remain in effect until the said employee shall be entitled to advance to the next salary step in accordance with the further provisions of this article.

4.7 Service

The word “service” as used in this MOU shall be deemed to mean continuous, full-time service in the classification in which the employee is being considered for salary advancement, service in a higher classification, or service in a classification allocated to the same salary rate range and having generally similar duties and requirements.

Employees hired after the first (1st) work day of the month shall not be credited with “time in service” for that month when determining the length of service required for salary step advancement.

A lapse of service by an employee for a period of time longer than thirty (30) calendar days by reason of resignation, quit [i.e. less than two (2) weeks’ notice], or discharge, shall serve to eliminate the accumulated length of service time of such employee for the purposes of this MOU, and such employee reentering the service of the City shall be considered as a new employee, except when he/she is being or will be reappointed within one (1) year and placed in the same salary step in the appropriate salary rate as he/she was at the time of termination of employment.

“Resignation, quit, or discharge” for purposes of this section shall mean separating from full-time employment altogether, not leaving one (1) position to accept appointment to another position in an unrelated classification outside the career ladder.

4.8 Advancement within Ranges

A. Length of Service Advancement

After the salary of an employee has been first established, such employee shall be advanced from Step “AAA” to Step “AA,” Step “AA” to Step “A,” from Step “A” to Step “B,” from Step “B” to Step “C,” or from Step “C” to Step “D,” whichever is the next higher step to that on which the employee has been previously paid. Each advancement shall be effective the first (1st) day of the month following the date of completion of the length of service required for the advancement, as provided in Section 4.2 and the salary schedule.

B. Merit Advancement

An employee shall be considered for advancement from Step “D” to Step “E” upon the completion of the required length of service as provided in Section 4.2 and the
salary schedule. The effective date of such merit increase, if granted, shall be on the first (1st) day of the month following the completion of such required length of service.

Advancement to Step “E” may be granted only for continued meritorious and efficient service and continued improvement by the employee in the efficient performance of the duties of his/her position. Such merit advancement shall require the following:

1. Human Resources shall keep on file in the office of the Executive Director of Human Resources, a copy of each performance appraisal report required to be made on the employee by the Civil Service Rules and Regulations and/or the City Manager during the period of service time of such employee subsequent to his/her last salary advancement.

2. The Department Head, at least twenty (20) calendar days prior to the anticipated completion of such employee’s required length of service, shall file with the City Manager a statement recommending the granting or denial of the merit increase and supporting such a recommendation with specific reasons therefore. The employee shall be notified by the Department Head as to such recommendations and of the reasons therefore.

3. No advancement in salary above Step “D” shall become effective until approved by the City Manager, except when placement on a salary step above Step “D” results from promotion under the provisions of Section 4.10 of this article.

4. Notwithstanding the foregoing provisions of this subsection to the contrary, a merit step advance shall be automatically granted ninety (90) days after the due date if no performance appraisal is completed. The effective date of such merit step advance shall be retroactive to the first (1st) day of the month following the completion of the required length of service.

C. Length of Service Required When Advancement Denied

When an employee has not been approved for advancement to merit Step “E,” he/she may be reconsidered for such advancement after the completion of three (3) months of additional service and shall be reconsidered for such advancement after the completion of six (6) months of additional service. This reconsideration shall follow the same steps and shall be subject to the same actions as provided in subparagraph B(2) and (3) of this section.

4.9 Reduction in Salary Steps

Subject to the provisions in this section, any employee who is being paid at merit Step “E” may be reduced to Step “D” of the appropriate salary range, upon the recommendation of
the Department Head, and the approval of the City Manager.

The procedure for such reduction shall follow the same procedure as outlined for merit advancements in Section 4.8 above.

An employee reduced to Step “D” may be considered for re-advancement to Step “E” under the same provisions as contained in Section 4.8C above.

4.10 Promotion

When an employee is promoted to a position in a higher classification from a position in a lower classification in the same occupational career ladder, he/she shall be reassigned to Step “AAA” in the appropriate salary rate range for the higher classification; provided, however, that if the base salary step currently being paid such employee is already equal to or higher than said Step “AAA,” he/she will be placed in the lowest step in the appropriate salary rate range as will grant that employee a minimum increase of one (1) salary step, approximately five percent (5.0%) over his/her current base salary step, inclusive of lead pay, and exclusive of any other assignment or special pay additive or additives such as bilingual pay, shift differential, special skill pay or the like, except when placement at “E” step will not be sufficient to provide a one (1) salary step, approximately five percent (5.0%) increase.

4.11 Demotion

When an employee is demoted to a position in a lower classification, his/her salary rate shall be fixed in the appropriate salary rate range for the lower classification in accordance with the following provisions:

A. The salary rate shall be reduced by at least one (1) salary step, which is approximately five percent (5.0%).

B. The new salary rate must be within the appropriate salary rate range.

C. The new salary rate shall not be higher than the salary step to which the employee would have been entitled had his/her service time in the higher classification been spent in the lower classification.

D. - Be accessible by phone, email or text;
- Promptly return to work after being called, emailed or texted;
- Remain fit for duty and able to respond. Employees are not permitted to drink alcohol while on standby duty.

Employees on standby shall receive a cell phone from the City and will be required to respond to the call or text as quickly as possible. Each employee shall receive four hundred and fifty dollars ($450.00) per week when assigned to be on standby duty.

2. Daily Rate

Any employee who is recalled to active duty from off duty, shall be entitled to overtime pay at the rate of one and one-half (1½) times the base hourly pay rate, or double times (2X) the base hourly pay rate for City observed holidays, for time actually worked after reporting to the place of duty, or three (3) hours pay at the base rate of pay, whichever is greater.

5.7 Temporary Upgrade Assignment Pay

In order to provide an equitable method of compensating employees who are temporarily assigned to a vacant, full-time, budgeted, higher-level position the following shall apply:

A. General Guidelines

1. Temporary upgrade (TUG) assignments shall be limited to the temporary filling of vacant, full-time, budgeted positions due to the termination, promotion or
authorized long-term absence of the incumbent. A temporarily vacant position need not be a position without an incumbent.

2. Each such assignment may be terminated at any time, but in no event shall such assignment continue beyond one hundred and eighty (180) days or nine hundred and sixty (960) hours each fiscal year, whichever comes first.

3. Prior to recommending to the City Manager that a pay differential for a TUG assignment be granted, the Department Head shall make the following determinations:

   a. The duties and responsibilities of the position to be filled are of such nature that they cannot remain unassigned pending the return to duty of the absent incumbent or preparation of an eligible list, whichever is applicable.

   b. It is not practical to assign the duties of the vacant position to any other employee(s) in the same or higher classification.

4. The City Manager or his/her designee must give written approval of all TUG assignments involving an increase in pay for the appointee.

B. Eligibility

1. With the exception of those described in Section 5.7B(3) below, regular, full-time employees shall receive TUG assignment pay if the following criteria are met:

   a. The work assumed encompasses the majority of the typical duties and responsibilities of the vacated position.

   b. To qualify for TUG assignment pay, employees must serve in an acting capacity in the higher level classification as follows:

      • Ten (10) consecutive working days of eight (8) hours each; or

      • Eight (8) consecutive working days of ten (10) hours each, for employees working on an alternative work schedule; or

      • Any combination of consecutive working days consisting of nine (9) hours each and one (1) working day consisting of eight (8) hours, for a total of 80 hours of work for employees working the 9/80 work schedule; or

      • Two (2) consecutive work weeks, consisting of three (3) eleven and one-half (11.5) hour days and one (1) five and one-half (5.5) hour day for a total of eighty (80) hours of work for employees working on an
alternative work schedule.

c. In computing qualifying service rendered, only full days of actual duty shall be included, and partial days shall not be combined to make full days unless they are normally granted holiday hours. Normally granted holidays will be included in computing actual duty days.

d. Employees must re-qualify for a TUG if the employee has not worked in this specific TUG assignment for a period of eighteen (18) consecutive months. The employee shall only be considered to work in a higher classification if such work is duly and specifically authorized by the employee’s Department Head.

2. Whenever practicable, the appointing authority shall rotate TUG assignments among all qualified employees.

3. Employees in the following categories shall not be assigned to TUG work unless specifically authorized by the City Manager:

a. Non-permanent employees (probationary, part-time, seasonal, etc.).

b. Employees performing work above their regular classification in a training capacity.

C. Payment

1. On the eleventh (11th) consecutive working day an employee has been serving in a TUG assignment, and for each additional consecutive working day the employee so serves, he/she shall receive the beginning rate (Step “AAA”) assigned to the higher classification or the lowest rate in that range which is at least ten (10) salary rate ranges, or approximately five percent (5.0%) higher than the current base salary rate he/she normally receives, (inclusive of lead pay and exclusive of any other assignment or special pay additive or additives) whichever is greater, except when placement at Step “E” will not be sufficient to provide the ten (10) salary rate range increase.

If an employee has worked ten (10) consecutive days during the term of this MOU in a higher classification, the employee shall thereafter receive TUG pay for each day the employee is assigned to work in the higher classification during the term of this MOU.

2. Assignment or special pay additives, such as bilingual pay, shift differential, special skill pay, etc., paid to an employee prior to becoming eligible for TUG assignment pay, will not be considered in computing the amount of higher pay to which he/she is entitled in this section above. If the special circumstances upon which said additive is based are also applicable to the TUG assignment
and the employee remains eligible for such pay while in the TUG position, this amount will be added to the new salary rate range.

3. TUG assignments which entail moving an employee into a classification represented by a bargaining unit other than that which represents his/her permanent classification shall not include any change in fringe benefits for the affected employee.

4. While working in a TUG assignment, an employee will continue to accrue, and have recorded, general, special or normal salary step increases in the employee’s permanent position; however, such salary increases will be paid only to maintain the minimum five percent (5.0%) differential above the salary to which an employee is entitled in his/her permanent position.

5.8 Authority for Assignments

All assignments of personnel to positions set forth in Sections 5.1 through 5.5 above shall be made or revoked at the discretion of the Department Head.

However, they will be eligible for career incentive pay for any other certificates approved for their classification.

B. A workweek is a fixed and regularly recurring period of one hundred and sixty-eight (168) consecutive hours, consisting of seven (7) consecutive twenty-four (24) hour periods.

C. The workweek for each employee is designated by the appointing authority. An employee’s work schedule within the workweek shall not be changed for the purpose of avoiding payment of overtime; however, nothing shall abridge management’s right to establish and change work schedules and assignments in accordance with Article XVIII - City Rights.

6.3 Computation of Forty (40) Hour Workweek

In computing the forty (40) hour workweek, the following type of work hours in a paid status shall be included in the computation:

- Actual hours worked
- Jury/witness leave
- Bereavement leave

Any combination of the hours in this section, in excess of forty (40) hours per workweek, shall entitle the employee to overtime.

Any paid time off during the workweek for vacation leave, sick leave, holiday leave, Chapter Chair/President’s Leave, Union Business Leave, and all unpaid leave (including furlough days) shall not be counted towards the hours worked in a workweek for the computation of payment for overtime, unless the hours in excess of forty (40) hours in a workweek (including the above listed time) are worked by the employee at the requirement of his/her supervisor or by management.
For example:

An employee working a Monday through Friday work schedule who takes nine (9) hours of vacation leave on Monday and works his/her normal thirty-one (31) hours Tuesday through Friday, would not earn overtime for two (2) hours he/she volunteered to work extra on Saturday. However, if that same employee had been required by his/her supervisor or management to work the two (2) hours on Saturday, as opposed to volunteering, the two (2) hours would be compensated as overtime.

6.4 Compensation for Overtime

The City’s preferred method by which overtime shall be compensated is by monetary payment, at one and one-half (1.5) times the employee’s regular rate of pay, subject to the provisions of Section 6.5.

6.5 Compensatory Time

A. Overtime Conversion to Compensatory Time

Should the Department Head determine that the best interests of the City will be served thereby, his/her designee may permit an employee to be compensated for overtime work by earning compensatory time off at the rate of one and one-half (1.5) hours for each overtime hour worked.

B. Maximum Accumulation of Compensatory Time

Employees shall have the option, with Department Head approval, to earn up to a maximum of eighty (80) hours of compensatory time off.

C. Use of Compensatory Time

1. Since compensatory time is earned at one and one-half (1.5) hours for each hour of overtime worked, eighty (80) hours of compensatory time equates to fifty-three point thirty-three (53.33) hours of overtime worked.

2. Such compensatory time off shall be taken at the discretion of the employee when requested at least seventy-two (72) hours in advance, subject to the operational needs and staffing requirements of the department.

3. If the Department Head or his/her designee subsequently denies the requested compensatory time off, the employee and department will mutually agree on a future date within one (1) year when the employee can use the paid compensatory time off.

If the requested compensatory time off is not used within that one (1) year, such compensatory time will be paid off in cash.
4. Compensatory time off may be taken in increments as small as one-half (0.5) hour.

5. Compensatory time off may not be granted or taken in advance of the overtime work for which the time off compensates. Before compensatory time off may be taken, the overtime worked must have been recorded on official payroll records at or about the time the overtime work was performed. In the absence of such recording, no compensatory time off in excess of compensatory hours already banked will be permitted.

D. Cash-Out of Compensatory Time

   Upon an employee’s appointment to a position in which overtime may not be earned (FLSA exempt) or upon an employee’s separation from employment, he/she shall be paid for all compensatory time accumulated prior to such promotion or separation from service.

6.6 No Effect on Other Benefits

   Overtime work shall not apply to the earning of employee benefits (retirement, holidays, vacation accrual, sick leave accrual, and employee insurance benefits), toward the completion of probationary period, or to progression within salary rate range.

6.7 Overtime Work to be Minimized

   To the extent that he/she is reasonably able to do so, the Department Head or his/her designee shall arrange work programs to minimize overtime work. Necessary overtime work shall be apportioned among employees of like classification and assignment.

6.8 Overtime Work on a Holiday

   Work on an observed holiday which would otherwise be a scheduled day off for the employee will be paid as overtime.
ARTICLE VII

7.0 TRAINING & EDUCATIONAL ASSISTANCE PROGRAM

7.1 Purpose

A. To encourage employees to take college courses and special training courses which will better enable them to perform their present duties and prepare them for increased responsibilities.

B. To provide financial assistance to eligible employees for education and training.

C. To establish eligibility requirements, conditions and procedures whereby such assistance may be provided.

7.2 Eligibility

A. Applications for tuition reimbursement will be considered only from permanent employees who have completed probation.

B. Employees receiving financial assistance from other sources such as the G.I. Bill, scholarships, etc. shall be eligible for reimbursement, subject to Section 7.3C, in an amount not to exceed the difference between the cost of tuition and the amount of the other financial assistance received.

C. Applications will be approved only for courses directly related to the employee’s job or directly related to a promotional position in the employee’s occupational specialty.

D. Courses not ostensibly related to the employee’s job, but which are required to qualify for a degree that is directly related to his/her job, may be reimbursable only after all required occupationally related courses have been completed.

E. Prior to receiving tuition reimbursement, employees must submit documentary proof of having received a grade of not less than “C” for the course. For courses based on a pass/fail criterion, a pass must be received. If objective ratings are not rendered for a specific course, then a certificate of successful completion must be submitted.

F. Approval will be limited to the following:

1. Courses given by accredited colleges and universities, city colleges or adult education courses under the sponsorship of a Board of Education.

The accredited colleges and universities must come from one (1) of the six (6) regional accreditation bodies for the United States (as approved by the
Department of Education), including the Western Association of Schools and Colleges, the Northwest Association of Colleges and Universities, the Middle States Commission on Higher Education, the New England Association of Schools and Colleges, the North Central Association of Colleges and Schools, and the Southern Association of Schools and Colleges.

2. Workshops, seminars, conferences and similar activities, not identifiable as a formal course of instruction within the curriculum of a recognized educational institution, do not fall within the purview of this program but may be authorized and funded by the interested department without coordination with the Human Resources Department.

G. When an employee is required by his/her Department Head to attend a particular course or seminar, the expense shall be borne entirely by the department.

7.3 Reimbursement

A. Reimbursement will be based on the cost of tuition, required enrollment/registration fees, related miscellaneous fees (health, parking, student union fees, equipment, etc.), all required texts/eBooks, and related materials for each course. Additional expenses, such as meals and lodging are not reimbursable.

B. Costs for required texts are eligible for one hundred percent (100%) reimbursement subject to the following conditions:

1. That a duplicate of the required text(s) was unavailable for loan from the departmental libraries prior to the commencement of course work;

2. That any textbook(s) purchased by the City shall be submitted to the employee’s respective departmental library in order that such text(s) may be made available to all employees.

C. The maximum tuition reimbursement is two thousand five hundred dollars ($2,500) per fiscal year, which the employee may claim either as costs are incurred during the year or as a single lump sum. The maximum tuition reimbursement applies to any reimbursements provided in this article.

7.4 Procedures

A. An employee who desires to seek tuition reimbursement under the provisions of this article must complete, in duplicate, an Application for Training and Educational Assistance Form and submit it to his/her Department Head, including a course schedule or description, prior to the commencement the class(es) or the payment of fees for registration/tuition.

B. The Department Head will recommend approval or disapproval based on
established criteria and budgetary constraints and then forward the application to the Executive Director of Human Resources.

C. The Executive Director of Human Resources or his/her designee will approve or disapprove the application for the City Manager. One (1) copy will be returned to the employee and the duplicate will be retained by the Human Resources Department. It is advisable that the applicant accomplish the procedure so far described in order to ascertain the eligibility of the intended course of instruction for reimbursement under the provisions of this policy prior to the inception of the course or disbursement of personal funds.

D. The employee will submit his/her copy of the approved application to Human Resources Department within three (3) months after he/she has completed the course and received his/her final grade. The employee must include official verification of his/her final grade with appropriate receipts for tuition and textbook costs. These will be returned to the employee upon request. Applications not submitted to the Human Resources Department within three (3) months following completion of the course become void.

E. Upon receipt of the application and required documentation, the Human Resources Department will determine whether the completed course of instruction is compatible with the provisions of this article and will compute the amount of reimbursement, authenticate the application and forward it to the employee’s Department Head.

F. The Department Head will then authorize the Finance and Management Services Agency to reimburse the employee the approved amount out of the budget of the department concerned.

For example:

- An employee assigned to a 4/10 work schedule would receive ten (10) hours of holiday pay or credit for each holiday.

- An employee assigned to a 9/80 work schedule with alternating Fridays off would receive nine (9) hours of holiday pay or credit for each holiday, even if the holiday fell on the employee’s regular eight (8) hour Friday or scheduled Friday off.

C. Floating Holidays

1. Floating holidays shall be credited to each employee’s holiday bank on January 1st of each year.

2. A floating holiday shall be credited at a rate equivalent to the employee’s regularly scheduled work shift.

For example:

- An employee assigned to a 4/10 work schedule would receive ten (10) hours of credit in their holiday bank for the floating holiday.

- An employee assigned to a 9/80 work schedule with alternating Fridays off would receive nine (9) hours of credit for the floating holiday.

8.2 Holiday Bank

Eligible employees shall be credited, in a manner consistent with Section 8.1, with hours for all holidays listed in this article. The hours shall be credited to the employee’s holiday bank at the beginning of each calendar year in lieu of earning the paid holidays as they occur.

If any employee working in the above referenced categories separates from employment prior to December 31st of any year and has exhausted hours of holiday time (listed in Section 8.1) over their annual accrual, the value of hours not yet accrued but used shall be deducted from the final paycheck.

3. Said substitute holidays may be scheduled by the Department Head or his/her designee, normally during the same month that the holiday is observed by other City employees. An employee entitled to time off in lieu of holidays shall receive that time off in proportion to his/her service at full pay in such capacity during the year.

B. A newly appointed employee must complete six (6) months of continuous full-time service in order to earn the Floating Holiday listed in Section 8.1 above. Such employees can then use the Floating Holiday as early as the pay period following the completion of six (6) months in a paid status.

8.5 Use of Holiday Time

Holiday time may be taken in increments of one-half (0.5) hour.

8.6 Maximum Accumulation of Holiday

Holiday benefits may not be carried over from one (1) calendar year to the next. If an employee has any holiday leave remaining at the end of the calendar year it will be forfeited at the end of that calendar year.

8.7 Winter Holiday Closure

A. Mandatory Closure

City Hall and all other City departments (with the exception of the Police
Department, Santa Ana Zoo, and select employees in Fleet Services Division of the Public Works Department) shall be closed for a mandatory winter holiday closure each year during the term of this MOU.

   b. City Hall shall re-open on Monday, January 4, 2021 and employees scheduled to work on that day shall return to work.
   c. Employees shall observe the three (3) City paid holidays provided in Section 8.1 on:
      - Thursday, December 24, 2020 (Last work day before Christmas Day)
      - Friday, December 25, 2020 (Christmas Day)
         - Employees whose regular day off is on Friday, December 25th will receive floating holiday hours for Christmas Day 2020, which may
be used to cover an additional regular day required by the closure.

- **Friday, January 1, 2021 (New Year’s Day)**
  
  - Employees whose regular day off is on Friday, January 1st will receive floating holiday hours for New Year’s Day 2021, which may be used to cover an additional regular day required by the 2020 closure.

3. **2021**

c. Employees shall observe the three (3) City paid holidays provided in Section 8.1 on:

  - **Friday, December 24, 2021 (Last work day before Christmas Day)**
    - Employees whose regular day off is on Friday, December 24th will receive floating holiday hours for Christmas Eve 2021, which may be used to cover an additional regular day required by the closure.

  - **Monday*, December 27, 2021 (Christmas Day)**
    - Since December 25th falls on a Saturday in 2021 and Friday, December 24, 2021 is already a City observed holiday, the City shall observe the Christmas Day holiday in 2021 on the preceding Monday, December 27, 2021 instead.

  - **Friday, December 31, 2021 (New Year’s Day)**

C. **Additional Days Off during a Closure**

1. Employees will need to choose from the options in this subsection to cover any additional regularly scheduled work days which are not City observed holidays.

2. Employees may use any of the following accrued leaves they have available to cover any additional day(s) off which may be required by the closure:

   - Vacation
   - Compensatory Time Off
   - Holiday

3. Employees are not permitted to use sick leave for a holiday closure day unless he/she produces a physician’s certification for each day reported as sick leave. This additional certification is not required for employees with approved advance sick leave usage due to FMLA/CFRA/PDL (or any other protected leave).

4. Employees shall have the option of not using paid leave for any, or all, holiday closure day(s) and taking the day(s) off as an absence without pay.

D. **Standby Assignments during a Closure**

An employee assigned to standby while using leave for the holiday closure shall receive the additional three dollars and fifty-two cents ($3.52) per hour, as per Section 5.5(C)(2), for each regularly scheduled work hour (i.e., during those hours of the day which cut across his/her regular work hours) he/she is using paid leave for, but is still assigned to standby.

Such employee shall still adhere to the provisions of Section 8.7C to cover their regular shift while remaining in standby mode and available for callback. However, if an employee is recalled during their regular work hours, the time spent on the recall shall be deducted from the paid leave for that day.

*For example:*

An employee regularly scheduled to work 6:30 a.m. – 4:00 p.m. on one (1) of the days during the closure uses nine (9) hours of accrued vacation to cover that day. If that employee is recalled from 8:00 a.m. – 10:00 a.m. on that same day, he/she will only have seven (7) hours of vacation deducted from his/her vacation accrual for that day.

E. **Callbacks during a Closure**

An employee who is recalled to active duty on one of the winter holiday closure
days, regardless if recalled during his/her regularly scheduled work hours, or outside of his/her regularly scheduled work hours, or whether he/she has used paid leave during the defined FLSA workweek, shall be paid at the callback rates defined in Section 5.6.

F. Sunset Clause

This provision shall expire on June 30, 2022 and no additional mandatory winter holiday closures may be implemented after the 2021 winter holiday closure, unless mutually agreed to otherwise by the parties.
ARTICLE IX

It is the policy of the City to grant employees vacation leave in order to provide them with a break in their regular work schedule and this purpose will be used as a guide in the administration of the provisions of this article.

A. Employees shall accrue vacation on a monthly basis each calendar year, based on completed continuous years of service, as set forth in the following table:

B. Prorated Accrual in Year One

An employee who has completed less than one (1) year of service during the calendar year shall receive a proportionate fraction in accordance with the amount of service to his/her credit during the year; provided, however, no employee shall be entitled to, or receive payment for, any vacation until he/she has completed six (6) months of continuous service.
C. **Effect of Extended Sick Leave on Vacation Accrual**

Absence on sick leave for a period in excess of fifteen (15) consecutive calendar days shall not be considered as service time for vacation accrual purposes.

9.3 **Use of Vacation**

A. **Use of Vacation in First Year**

On or after the first (1st) day of the month following completion of six (6) months of continuous full-time service, an employee may be allowed to take all or a proportionate fraction of his or her earned vacation, subject to scheduling approval of the employee’s supervisor.

B. **Rate of Usage**

Vacation time off may be taken in increments as small as one-half (0.5) hour, with fractional usage rounded upward to the next higher multiple of one-half (0.5) hour.

C. **Minimum Usage**

Upon the completion of two (2) years of continuous service, each employee must take at least five (5) working days of vacation off each calendar year.

D. **Time of Usage**

The time at which an employee may take his/her vacation shall be determined by the Department Head, with due regard for the wishes of the employee and particular regard for the needs of the service.

E. **Limitation on Usage**

With the exception of a retiring employee, no employee is granted, and no employee shall be allowed to take any vacation leave with pay in excess of fifty (50) working days or four hundred (400) hours in any one (1) calendar year.

9.4 **Computation of Vacation Use**

A. **Holidays during Vacation**

In computing vacation, each City observed holiday that occurs during the vacation, and that falls on a day which the employee would have worked had he/she not been on vacation, shall be deducted from the computation so that one (1) additional day of vacation shall be allowed to the employee.
B. **Sick Leave during Vacation**

Should an employee suffer a sickness or injury while on authorized vacation, each full day of such sick leave, when confirmed by a physician’s statement and approval of the Department Head, may be deducted from the computation of vacation expended and charged against the employee’s accumulated sick leave as available.

9.5 **Continuous Service Requirement**

A. A period of earlier service does not apply toward vacation accumulation when an employee has had a break in continuous service, unless the break in service is concluded by reappointment or reemployment from layoff within one (1) year.

B. Leave of absences without pay, as provided in this MOU, do not constitute a break in continuous service as used in this section; however, the unpaid leave of absence period shall not be applied toward the accumulation of vacation.

C. Absences due to any statutorily protected leave (i.e. pregnancy disability, FMLA/CFRA, or military leave) shall not constitute a break in service even if the employee was not in a paid status. Such time counts as time in service and the period of absence shall be applied toward the accumulation of vacation.

9.6 **Vacation Cash-Out**

A. **Annual Buy Back**

1. **Through December 31, 2020**

   Employees shall have the option to receive cash for banked vacation leave, as follows:
   
   - July 1, 2019 through June 30, 2020: Up to one hundred (100) hours.
   - July 1, 2020 through December 31, 2020: Up to fifty (50) hours.

2. **Effective January 1, 2021 and continuing every year thereafter**

   a. If an employee wants to cash-out unused vacation leave they accrued during the calendar year, they must make an irrevocable election by December 15th of the prior calendar year (i.e. by December 15, 2020 for a cash-out in calendar year 2021).

   b. The irrevocable election must indicate the amount of vacation hours the employee intends to cash-out during that next calendar year.

   The number of hours to be cashed-out can not exceed the total number of
hours the employee will accrue during that same calendar year, or a maximum of one hundred (100) hours, whichever is the lesser amount.

c. Once the election form is submitted to Human Resources, the amount of hours to be cashed-out can not be changed for that calendar year.

d. Employees may submit a request for cash-out up to two times (2X) per year – for payment in the pay period which includes July 1 and/or December 15.

e. In the event an employee’s vacation leave balance (on either pay period when he/she can elect to cash-out) is less than the amount of hours the employee had previously elected to cash-out (in the prior calendar year), the employee will only receive payment for the amount of accumulated vacation leave remaining at the time of the cash-out in either July or December.

f. If an employee makes an irrevocable election to cash-out vacation in the following calendar year and uses vacation leave during that subsequent calendar year, the vacation leave used will first come from vacation leave the employee had earned (if any) prior to January 1st of the calendar year the employee had elected to cash-out. The use of such earned, but unused, vacation leave accumulated from previous calendar years shall not result in a reduction in the amount of vacation hours the employee is eligible to cash-out.

B. Separation from Service

Per Labor Code §227.3, the parties agree that an employee who leaves City employment prior to completing six (6) months of service shall not receive any payment for vacation.

Employees with at least six (6) months of service upon separation from service shall be paid for all accumulated, but unused, vacation leave.

C. Rate of Payment

Payments shall be made based on the employee’s base rate at the time of the payment.

9.7 Maximum Accumulation

A. The maximum vacation an employee may accumulate is what he/she could earn based on his/her completed years of service.
B. An employee whose vacation bank is at the maximum of what he/she can accumulate shall not continue to accrue vacation until the amount of his/her vacation bank is reduced below the maximum cap.

C. No employee may accumulate, or carry over from one (1) calendar year to the next, more than the maximum vacation hours as follows:

<table>

<tr>

</tr>

D. Special Provision for 2019 Calendar Year

1. Any employee with an accumulation of vacation hours in excess of his/her maximum accumulation cap shall be allowed to maintain such hours in his/her vacation bank through December 31, 2019.

2. Employees who have “must use” vacation hours in calendar year 2019 will no longer accrue additional “must use” vacation hours after December 31, 2019.

3. Any employee with “must use” vacation over the maximum accumulation caps, as defined in this section, on January 1, 2020 must use or cash-out the remaining
“must use” vacation hours they earned in 2019. Any employee with unused “must use” vacation hours as of January 2, 2020 will forfeit those hours.

E. Notwithstanding the foregoing, any affected employee who is in jeopardy of losing vacation because of department staffing needs, may with the approval of the Department Head, Executive Director of Human Resources and City Manager, receive a thirty (30) day extension beyond the normal cutoff date so that such employee will not lose vacation time.

B. Accrual

Each employee shall be entitled to, and shall earn eight (8) hours of sick leave for each full calendar month of service in which he/she is employed by the City with full pay; provided, however, any absence on sick leave for a period of time greater than fifteen (15) consecutive calendar days in any one (1) calendar month shall not be considered to be service entitling an employee to earn sick leave as aforesaid.

C. Use of Sick Leave

1. Authorization for Use

Use of sick leave shall be authorized as follows:

a. Sick leave is not a right which an employee may use at his/her discretion, but shall be allowed only in cases of necessity and actual sickness or disability, as authorized in this article.

b. When an accepted industrial illness or injury has caused an employee’s absence, for which benefits are required under the State Workers’ Compensation Insurance and Safety Act, paid sick leave will be processed during the first three (3) consecutive days of the statutory waiting period. If the employee does not have sufficient accumulated sick leave at the commencement of such industrial illness or injury, they will be advanced sick leave for this purpose. Subsequently, the City will deduct an equal amount previously advanced from any sick leave accrued by the employee until the total amount is recovered. If the employee terminates before recovery of all advanced sick leave, the City will deduct the unrecovered cost of sick leave from such terminated employee’s final paycheck, to the
extent possible. If the employee remains off work longer than fourteen (14) days due to the same workers’ compensation related illness or injury, the employee will have the three (3) sick days used re-credited back to his/her account. The City pays the employee workers’ compensation benefits for such illness or injury starting on the fourth (4th) day.

c. The City may authorize employees to use sick leave, vacation, or compensatory time for approved workers’ compensation medical appointments as specified herein. The City may authorize use of such leave for City approved medical appointments whenever such appointments cannot be secured outside the employee’s regular workday, and salary continuation or workers’ compensation benefits are not available.

D. Limit

Sick accrual will be capped at sixteen hundred (1600) hours.

Sick leave usage shall be charged in minimum increments of a half (0.5) hour. Fractional usage under a half (0.5) hour shall be rounded up to the next higher multiple of a half (0.5) hour.

E. Extended Use

The City Manager may grant medical leave of up to six (6) months without pay to an employee who has exhausted all of his/her accumulated sick leave if a licensed physician indicates that the employee will be sufficiently recovered to return to his/her employment within a six (6) month period. Prior to the expiration of the additional time, the employee may return to his/her position provided that the employee has a medical certificate from a licensed physician stating that the employee is able to return to work and perform all the duties of his/her position without work restrictions. In addition to the above, the City Manager may grant an additional extension not to exceed a total of one (1) year without pay.

F. Extension by Use of Accrued Compensatory Time Off and/or Vacation

After an employee’s sick leave has been exhausted, he/she may be granted permission to first use any unused accumulated compensatory time off benefits and then any unused accumulated vacation leave.

G. Notification of Use

An employee taking sick leave shall notify his/her immediate supervisor prior to the time he/she is scheduled to report for duty, or as otherwise established by his/her department.
When the absence is for more than three (3) consecutive working days, upon return to work the employee must present to his/her Department Head a physician’s certificate stating that the employee could not report to work because of such illness or injury, and advising that the employee is sufficiently recovered to safely return to work. Such certificate shall be forwarded to the Executive Director of Human Resources.

Upon written request by a Department Head or designee, a physician’s certificate, or other satisfactory written evidence of the need for qualified sick leave usage, may be required after any future absence of any duration less than three (3) days. Such written notice shall be approved by the Department Head or designee and the stated reason therefore.

H. Denial

No employee shall be entitled to sick leave with pay while absent from duty because of sickness or injury purposely self-inflicted or caused by willful misconduct; or because of sickness or injury sustained while engaged in employment, other than employment by the City, for monetary gain or other compensation; or due to other reasons resulting from engaging in any business or activity for the purpose of personal monetary gain or other compensation.

I. Personal Necessity Leave

b. A “family member” means any of the following:

J. Payment for Unused Sick Leave

1. Except in cases of disability retirement, upon non-disciplinary termination of employment and at least ten (10) years of cumulative full-time service with the City, an employee shall be entitled to receive a portion of their total accumulated and unused sick leave balance upon the effective date of such termination, at the rate of pay effective on the date of such termination.

Upon termination of employment with the City, all employees must deposit one hundred percent (100%) of their accumulated, but unused sick leave hours into their Retirement Health Savings (RHS) account, based on the criteria below:

• For employees who had less than ten (10) years of service with the City as of September 30, 2010, the maximum sick leave eligible, after ten (10) years of full-time service, shall be equal to one third (1/3) of the total sick leave accumulated, up to a maximum of three hundred and twenty-five (325) hours.
• For employees who have at least ten (10) years of full-time service with the City prior to October 1, 2010, the maximum sick leave eligible, after ten (10) years of full-time service, shall be equal to one third (1/3) of the total sick leave accumulated, up to a maximum of four hundred and twenty-seven (427) hours.

• For employees who have at least fifteen (15) years of full-time service with the City, the maximum sick leave eligible shall be equal to two-thirds (2/3) of the total sick leave accumulated, up to a maximum of one thousand and sixty-seven (1067) hours.

2. A lump sum payment of the amount shall be made to the beneficiaries of any eligible employee whose death occurs while such employee is an active employee of the City. Such payment shall be in the amount as described above and at the rate of pay in effect on the date of death.

10.2 Bereavement Leave

C. Upon request, an employee may use up to two (2) additional work days of leave charged to their Personal Necessity Leave balance when authorized by their Department Head.
10.3 Military Leave

A. Proof of Orders and Reinstatements

An employee shall be granted military leave if he/she furnishes the Executive Director of Human Resources satisfactory proof of his/her order to report for duty. Upon return and upon showing of proof of actual service pursuant to such orders, he/she will be reinstated as provided in Section 143 of the City’s Civil Service Rules and Regulations.

B. Temporary Leave

Members of the reserve forces of the United States or the National Guard granted temporary leave when ordered to duty will be granted leave with pay not to exceed thirty (30) working days in each calendar year after one (1) year of service with the City upon presenting satisfactory proof of orders to and from such temporary active duties.

10.4 Examination Leave

Employees participating in examinations conducted during their normal working hours for positions in the competitive service of the City will be granted leave with pay for the time actually required without loss of any accrued paid leave.

10.5 Unauthorized Absence

Unauthorized absence from duty for any duration of time may be considered cause for dismissal. Absence from duty without approved leave for five (5) consecutive working days shall be deemed a resignation from the service; provided, however, if the employee returns to work and provides an explanation for such absence which his/her Department Head finds satisfactory, the Department Head may restore the employee to his/her position, with the City Manager’s approval.

10.6 Authorized Absences Without Pay - Short Term

Absence without pay not to exceed five (5) consecutive work days may be authorized by the Department Head. Absence without pay up to fifteen (15) calendar days may be authorized by the Department Head with the approval of the City Manager. Such an absence may be authorized only if in the judgment of the Department Head it serves the best interest of the City.

10.7 Authorized Absence Without Pay - Long Term

Upon receipt of a written request from an employee having permanent status and recommendation of approval by the Department Head, the City Manager with recommendation from the Executive Director of Human Resources may grant a leave of
absence without pay for up to six (6) months. Additionally, the City Manager with recommendation from the Executive Director of Human Resources may grant an unpaid leave of absence extension of up to one (1) year.

An employee returning to duty with the City from such leave of absence shall inform the Department Head and the Executive Director of Human Resources of his/her intention at least thirty (30) calendar days prior to the expiration of the leave of absence. Upon receipt of such notice, the Department Head will take steps necessary to restore the employee to his/her former position.

10.8 Industrial Leave

Any period of time during which an employee is required to be absent from his/her position by reason of an industrial injury or industrial illness for which he/she is entitled to receive compensation shall not be considered a break in continuous service for the purpose of his/her right to salary adjustments or to the accrual of vacation and seniority.

10.9 Pregnancy Disability Leave

Employees may take an unpaid leave of absence during pregnancy disability consistent with the Pregnancy Disability Law (PDL), Family Medical Leave Act (FMLA) and/or California Family Rights Act (CFRA). A pregnant employee is entitled to a reasonable leave of absence without pay for any temporary disability resulting from pregnancy, miscarriage, childbirth or recovery therefrom. Such reasonable leave of absence shall not exceed four (4) months. However, an employee may be granted up to an additional two (2) months of leave, at the discretion of the City Manager with recommendation from the Executive Director of Human Resources, for a total of up to six (6) months in which to recover from the disability.

As with all other temporary disabilities, a physician’s certificate is required to verify the extent and duration of the temporary disability.

An employee who plans to take pregnancy leave must give reasonable notice of at least four (4) weeks before the commencement of the leave and include the estimated duration of the leave.

The City will continue to contribute towards the employee’s health insurance coverage in accordance with state and federal legislation. The employee will be required to pay a cash premium to continue coverage while on a leave of absence without pay.

10.10 Catastrophic Leave

In order to assist employees otherwise granted a leave of absence without pay by the City Manager due to a catastrophic, non-industrial medical condition or injury, the City shall maintain a Catastrophic Leave Donation Program.
Nothing in this section shall be construed to alter City policies and procedures as provided in the Charter or ordinances of the City or other provisions of this MOU with regard to granting unpaid leaves of absence.

For the purpose of this program, a “catastrophic” condition shall mean any significant personal tragedy such as a life-threatening illness or severe non-industrial illness or injury lasting more than two (2) weeks, which requires the employee to need personal time off beyond the amount of leave time he/she has accrued. Maternity leave or elective surgery, absent significant unplanned complications preventing the employee’s return to work, are not considered catastrophic.

The Catastrophic Leave Donation Program shall cover the uncompensated time prior to the employee’s becoming eligible for the LTD benefits.

A.  **Guidelines**

It shall be understood that all donations under this procedure are voluntary and subject to taxation for the recipient.

1. Employees may donate vacation, compensatory time, or one (1) floating holiday to the eligible employee. In no event shall sick leave be donated.

2. Employees shall be provided a two (2) week period to submit donations. Donations received after this two (2) week period shall not be processed. The two (2) week period for each case shall be selected by the Department Head or his/her designee.

3. All donations must be made in two (2) hour increments, except for floating holiday donations which must be made in full days (to be credited to recipient based on the donor’s amount of hours for the floating holiday).

4. Any authorization of donations not made in accordance with the procedures outlined in Section 10.10C(2) will not be processed.

5. All donations shall be irrevocable.

6. In the event the recipient returns to work before leave donations have been exhausted, any balance on the books shall be accrued by the recipient and designated as sick leave and may be used pursuant to Article X.

B.  **Eligibility**

Regular employees shall be eligible for catastrophic leave donations if the following criteria are met:

1. When it is reasonably foreseeable that all accumulated time on the books, such
as sick leave, compensatory time, holiday and vacation, will be exhausted and the employee’s absence will continue past the time when the employee will be on paid status.

2. The employee’s Department Head or his/her designee must approve a written request for donations accompanied by a medical statement from the employee’s attending physician. The attending physician’s statement must verify the employee’s need for an extended medical leave and an estimate of the time the employee will be unable to work.

C. Procedure

1. Upon receipt of a valid request for donations from an eligible employee, the Department Head or his/her designee shall post a notice within forty-eight (48) hours of receipt of the eligible employee’s need for donations via email and on bulletin boards accessible to employees. No confidential medical information shall be included in the posted notice.

2. Employees wishing to donate time to an eligible employee must sign his/her authorization of the transfer of such donated time and provide:

   • His/her name, department name, and employee number.

   • The number of hours of compensatory, holiday or vacation time to be donated, within the limitations of Section 10.10A(3);

   • The name, department and employee number of the recipient;

   • A statement indicating that the donor understands such donation of time is irrevocable.

3. At the close of the donation period, the department shall verify that each donating employee has accrued vacation, holiday, and/or compensatory time balances sufficient to cover the designated donation.

4. The department shall submit all approved donation authorizations for an eligible employee at one time for processing. No donation authorizations for the eligible employee will be processed after this period. However, employees who receive donations under this procedure and who exhaust all donated hours may request an additional donation period subject to the provisions of Section 10.10A.

5. The City shall add the donated time to the recipient’s sick leave bank.

Such payments are not increases in base salary and no salary rate range
applicable to any employee shall be changed or deemed to have been changed by reason thereof. As a result, the City will not treat these payments as ordinary income and, thus will not withhold Federal or State income tax from said payments. B. Every effort shall be made to find an acceptable solution to the grievance through this informal means at the most immediate level of supervision.

C. In order that this informal procedure may be responsive, both parties involved shall expedite this process. If, within fifteen (15) working days, a mutually acceptable solution has not been reached at the informal level, the employee and/or the employee’s designated representative shall then set forth the grievance in writing, indicate the specific MOU provision, rule or regulation allegedly violated, the nature of the action desired, sign it, and submit it in duplicate to the employee’s Department Head.

At this point, the grievance review process becomes formal. Should the grievant fail to file a written grievance, and in the manner specified above, within fifteen (15) working days after first discussing the grievance with the employee’s immediate supervisor, the grievance shall be barred and waived.

D. Any resolution of the grievance at the informal stage by any person other than a middle manager or above shall not become precedence or be used to establish past practice regarding implementation, interpretation, or application of this MOU.
16.3 Formal Process

A. Second Step – Department Head Review

The Department Head or his/her designated representative shall meet with the employee and/or the employee’s designated representative within fifteen (15) working days after the grievance has been submitted to the Department Head. If the Union is filing the grievance itself, it may start the grievance procedure at this step, but must do so within the same time limit as provided for in Step One above. The Department Head, or his/her designated representative, shall review the grievance and may affirm, reverse or modify the disposition made at the First Step and shall deliver his/her answer to the employee and/or the employee’s designated representative within ten (10) working days after said meeting.

B. Third Step – City Manager Review

If the grievance is not satisfactorily resolved at the Second Step, the employee and/or the employee’s representative (or the Union itself) may submit the grievance in writing to the City Manager or his/her designated representative within thirty (30) calendar days of being informed of the disposition made at the Second Step. Failure of the grievant and/or his/her designated representative to take this action will constitute a waiver and bar to the grievance, and the grievance will be considered settled on the basis of the disposition made at the Second Step.

The City Manager or his/her designated representative shall meet with the employee and/or the employee’s designated representative (or the chosen union representative if filed by the Union itself) within fifteen (15) working days after submission of the grievance. The City Manager or his/her designated representative, after careful review, may affirm, reverse, or modify the disposition made at the Second Step and his/her decision, shall be delivered in writing, to the employee and/or the employee’s designated representative within fifteen (15) working days after said meeting.

A copy of the written grievance to the City Manager, or his/her duly authorized representative, and of the City Manager’s or his/her representative’s written decision, shall be maintained in the Human Resources Department.

C. Fourth Step – Advisory Arbitration

If the grievance is not resolved at the Third Step, the Union may request that the grievance be submitted to advisory arbitration for issuance of a recommendation. The Union must advise the Human Resources Department within ten (10) calendar days of receipt of the decision from the City Manager at Step 3 of its desire to request to have the matter considered by an arbitrator. Upon request to submit the matter to arbitration, unless the parties can agree on an arbitrator to hear the grievance, the City will request a list of seven (7) arbitrators from the State
Mediation and Conciliation Service. Upon receipt of the list, the parties will strike names, with the Union striking first. Once an arbitrator is selected, he/she will conduct a hearing regarding the grievance. The cost of the arbitrator shall be equally shared between SEIU and the City. Once the arbitrator issues his/her advisory recommendation to the parties, the recommendation shall be submitted to the City Manager who will make a final decision on the grievance within twenty (20) calendar days of his/her receipt of the recommendation.

The decision of the City Manager shall be the final and binding administrative decision on behalf of the City.

16.4 Reservation of Rights

After the procedures set forth in this article have been exhausted, the grievant, the Union, and the City shall have all rights and remedies to pursue said grievance under the law.
ARTICLE XVII

Any unauthorized or unapproved time used by a union officer, worksite leader, or steward to investigate, discuss, process or meet in conjunction with pursuing a grievance or complaint shall be charged to that employee’s vacation or comp time leave bank.

The Union shall limit the number of union officers, worksite leaders, or stewards who participate in the investigation or appear at hearings on City time to one (1) representative and one (1) Chapter Board member.
B. Union Business Leave

In addition to the above time, union officers, worksite leaders, and stewards shall be granted three hundred (300) hours of release time per fiscal year. This leave is cumulative, meaning the total amount of hours allowed each fiscal year is to be shared by all eligible employees in the unit and is not an individual annual allotment of hours for each employee.

The purpose of this additional three hundred (300) hours per fiscal year shall be to enable the union officers, worksite leaders, and stewards to participate in union activities which may include conventions, seminars and meetings that are otherwise not covered by this MOU. Such time shall be paid by the Union who will reimburse the City for the hours used by employees of the unit.

The Department Director shall schedule the President to be onsite working on City business each half day of each normal work week.

The Department Director may change the schedule of the President upon reasonable notice to the employee.

d. During the period of time the President is performing City work, he/she shall receive no union-related phone calls or visitors. Persons who call or wish to see the President regarding union-related matters during his/her work time shall be referred to the Union’s offsite office.

e. Time spent by the President on Chapter Chair/President’s Leave shall not be considered time worked for the computation of overtime according to the FLSA.

f. The Union shall reimburse the City for one hundred percent (100%) of the employee’s salary, including any premium payments and benefit costs, for the Chapter Chair/President’s Leave time.

The Union agrees to pay for Union Business Leave and Chapter Chair/President’s Leave within thirty (30) calendar days of receipt of the bill from the City. The bill will be sent on a monthly basis.

If the bill is not paid within thirty (30) calendar days of receipt, the City shall deduct such amount from the union dues collected from the employees on behalf of the Union. In the event a portion of the bill is rightfully contested, the City shall only deduct the non-contested portion from the union dues.

Any issues related to the bill must be brought to the attention of the Executive Director of Human Resources within fifteen (15) calendar days of its receipt and must be resolved within the remaining fifteen (15) calendar days, so that the bills are paid in a timely manner or within thirty (30) calendar days of its receipt.

The Union shall provide an insurance policy or policies, or certificate of such insurance, naming the City, its officers and employees as insured or additional insured which provides coverage against liability for any and all claims and/or suits for damages or injuries to persons or property resulting from or arising out of any act or omission of said union representative. Said policy or policies of insurance shall provide coverage for both bodily injury and property damage not less than the following minimum amounts: one
million dollars ($1,000,000) combined single limit or its equivalent. Said policy or policies shall also contain a provision that no termination, cancellation or change of coverage of insured or additional insured shall be effective until after thirty (30) business days’ notice has been given in writing to the City.

4. Duty Requirements

The Union and the City agree that the President will not be required to carry out any City duties during the time they are on Chapter Chair/President’s Leave for half of the normal work week.

The President will be required to comply with the rules and regulations of the City as they apply to off-duty employees, except such President will not be required to report to work for any purpose during the half of the normal work week designated as Chapter Chair/President’s Leave time.

5. Return to Duty

Upon return to full-time City duty from Chapter Chair/President’s Leave of half of the normal work week, the President shall be restored to the same position without loss of any benefits as he/she would have occupied or accrued if there had been no disruption in duty status.

Where any such problems arise, the Union and the City will agree on an alternate meeting/conference facility for the purpose of providing a place for the Union to hold meetings before or after work or during lunch periods. If the alternate meeting site is a City facility during non-working hours, its scheduling and use shall be

E. In lieu of layoff, an employee may elect to work in a lower classification, in which he/she has served, providing that classification is within the same job family/career ladder. D. E.
